

Minnesota State Band

The Minnesota State Band has faced many challenges this year due to the pandemic (after not playing at all in 2020). Like being locked out of our normal rehearsal space for over a year, having to pay rental fees elsewhere and several times having to rehearse outdoors.

Despite this, the **Minnesota State Band** played six concerts this season including Memorial Day at Como Park, three summer concerts at Como and performances in Oakdale and a community festival in Saint Paul. Our goal in 2022, is to increase the number of concerts we perform.

One way you can help us achieve this goal is to give generously to Give to the Max Day on November 18, 2021.
